STRATUS MEDIA GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2008
(UNAUDITED)

1. Business

Business

On March 14, 2008, pursuant to an Agreement and Plan of Merger dated as of August 20, 2007 ("Merger Agreement") by and among Feris International, Inc. ("Feris"), Feris Merger Sub, Inc. and Patty Linson, on the one hand, and Pro Sports & Entertainment, Inc. ("PSEI"), on the other hand, Feris issued 49,500,000 shares of its common stock in exchange for all of the issued and outstanding shares of the PSEI, resulting in PSEI becoming a wholly owned subsidiary of Feris and is the surviving entity for accounting purposes ("Reverse Merger").

Subsequent to this Reverse Merger, Feris' corporate name was changed to Stratus Media Group, Inc. ("Company"). PSEI, a California corporation, was organized on November 23, 1998 and specializes in sports and entertainment events that it owns, operates, manages, markets and sells in national markets. In addition, PSEI acquired the business of Stratus Rewards ("Stratus") in August 2005, a credit card rewards program that uses the Visa card platform. Stratus is a private lifestyle club offering a unique luxury rewards redemption program, including private jet travel, premium travel opportunities, exclusive events and luxury merchandise. The sponsoring bank that ran the program when the Company acquired Stratus stopped processing new members and sending the Company statements in November 2007 and provided notice in March 2008 that it was discontinuing the program. While several cardmembers are continuing to use their cards with the sponsor bank, the Stratus Rewards program is currently inactive and the Company has not recorded revenues since November 2007. The Company is actively seeking a new sponsoring bank to restart the program in the fourth quarter of this year, but there can be no assurances that it will be able to do so.

Management's Plan of Operations

The Company has suffered losses from operations and currently lacks liquidity to meet its current obligations. The Company had net losses for the six months ended June 30, 2008 and 2007 of \$220,129 and \$763,622, respectively. As of June 30, 2008, the Company had negative working capital of \$6,244,013 and cumulative losses of \$11,052,073. Unless additional financing is obtained, the Company may not be able to continue as a going concern. In the three months ended June 30, 2008, the Company raised \$25,000 in capital through the issuance of common stock. The Company is actively seeking additional capital. However, due to the current economic environment and the Company's current financial condition, we cannot assure current and future stockholders there will be adequate capital available when needed and on acceptable terms.

The financial statements have been prepared on a going concern basis which contemplates the realization of assets and the settlement of liabilities in the normal course of business. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

2. Basis of Presentation and Significant Accounting Policies

Basis of Presentation

The financial statements are unaudited and have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information, pursuant to the rules and regulations of the Securities and Exchange Commission. Notes to the financial statements which would substantially duplicate the disclosures contained in the financial statements for the most recent fiscal year 2006 for PSEI have been omitted. The Company has not completed its audit for the year ending December 31, 2007 and has not filed an amended Report on Form 10-K to show audited results for that year. The results of operations for the three and six month periods ended June 30, 2008 and 2007 are not necessarily indicative of the results to be expected for the full year. These statements should be read in conjunction with the financial statements and related notes which are part of the Company's Report on Form 8-K filed on March 14, 2008 that included audited results for the year ended December 31, 2006 and unaudited results for the ten months ended October 31, 2007.

Stock Split

On March 14, 2008, the Board of Directors of the Company approved a 3.582 for 1.000 forward stock split of the PSEI's common stock. The effective date of the stock split was March 14, 2008 and was concurrent with the Reverse Merger. All share and per share information have been adjusted to give effect to the stock split for all periods presented, including all references throughout the financial statements and accompanying notes.

Net Loss per Share

Basic and dilutive loss per share is based on the weighted-average number of shares of common stock outstanding during the period. Diluted loss per share also includes the effect of stock options and other common stock equivalents outstanding during the period, and assumes the conversion of the Company's stock options and warrants are dilutive. For the three and six months ended June 30, 2008, no potentially dilutive shares have been excluded from diluted loss per share since the options and warrants are out of the money and thus antidilutive.

3. Litigation

In connection with a settlement agreement, on or about May 27, 2005, a legal judgment was entered in the Superior Court of the County of Los Angeles against the Company in favor of the previous owners of the "Core Tour" event, in the amount of \$482,126. In addition, this judgment specified that the Company must pay interest of \$39,664. The dispute arose out of the Company's asset purchase of the "Core Tour" event from the plaintiffs. As of June 30, 2008, the Company has recorded the \$482,126 amount of the judgment plus accrued interest of \$136,775, for a total liability of \$618,901. On July 31, 2008, PSEI Management and Core Tour have agreed to a settlement whereby PSEI will retain all rights of the Core Tour events in exchange for payment of \$482,126 in cash by December 31, 2008 and 74,000 shares of Common Stock issued on July 31, 2008 that was valued at \$148,000.

In March 2008, a court case was dismissed for which a \$365,579 reserve had been established on the balance sheet. This reserve was reversed, with the offset going to other income.

4. Acquisition of Stratus Rewards

In accordance with the Asset Purchase Agreement dated August 15, 2005, by and between PSEI and Stratus Rewards, LLC ("Stratus"), PSEI acquired the business of Stratus, a credit card rewards program.

The total consideration for this acquisition was \$3,000,000, with PSEI entering into a note payable of \$1,000,000 and issuing 666,667 common shares valued at \$2,000,000. The note is payable in eight quarterly equal payments over a 24 month period, with the first payment due upon completion of the first post-public merger funding of a minimum amount of \$3,000,000.

The results of operations of the business acquired have been included in the Company's Statements of Operations from the date of acquisition. Depreciation and amortization related to the acquisition were calculated based on the estimated fair market values and estimated useful lives for property and equipment and an independent valuation for certain identifiable intangible assets acquired.

The sponsoring bank that ran the program when the Company acquired Stratus stopped processing new members and sending the Company statements in November 2007 and provided notice in March 2008 that it was discontinuing the program. While several cardmembers are continuing to use their cards with the sponsor bank, the Stratus Rewards program is currently inactive and the Company has not recorded revenues since November 2007. The Company is actively seeking a new sponsoring bank to restart the program in the fourth quarter of this year, but there can be no assurances that it will be able to do so. Despite this inactive status, the Company believes that the brand and value of the business remains intact and will increase in value with the addition of a new sponsoring bank. Accordingly, the Company has not recorded any impairment of the carrying value on its financial statements.

The following sets forth the intangible assets of the Company as of December 31, 2007 and June 30, 2008:

The Company's annual impairment testing date is December 31, but the Company monitors the facts and circumstances for all intangible properties and will record an impairment if warranted by adverse changes in facts and circumstances. The Company determined that it did not have any impairment of goodwill or intangible assets at December 31, 2007 or June 30, 2008, and thus did not recognize any impairment expense in the periods then ended. These warrants have terms of five years and the exercise prices for these warrants are to be the share prices applicable in the next Company Financing after February 2005 as a result of the proposed Reverse Merger. The warrants will expire in 2010. The Company valued these warrants, using the Black-Scholes option pricing model, at December 31, 2006 and 2005, at \$15,562 and \$15,562, respectively, and included this liability in other accrued expenses and other liabilities. There were no warrants granted in fiscal 2007 or the six months ended June 30, 2008.

These warrants were granted as financing costs related to notes payable agreements with two shareholders and one non-shareholder. The warrants are accounted for as financing costs which were capitalized and amortized over the five-year life of the debt. Total amortization expense for the three months ended June 30, 2008 and 2007 were \$0 and \$1,813, respectively. Total amortization expense for the six months ended June 30, 2008 and 2007 were \$0 and \$5,438, respectively.

The Company analyzed these warrants in accordance with EITF pronouncement No. 00-19, "Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock". The Company determined that the warrants should be classified as a liability based on the fact that the number of shares attributable to these warrants is indeterminate.

13. Commitments and contingencies

Effective September 1, 2006, the Company entered into a lease agreement for office facilities on a month-to-month basis and this agreement requires monthly payments of \$4,318. The Company vacated this space in August 2007.

Rent expense for the three months ended June, 2008 and 2007 amounted to \$37,500 and \$22,192, respectively. Rent expense for the six months ended June, 2008 and 2007 amounted to \$49,500 and \$57,764, respectively.

Effective April 1, 2008, the Company entered into a lease for office space in West Hollywood, California with a security deposit of \$34,200 at a monthly rate of \$8,500 from April 1, 2008 to June 30, 2008, and a monthly rent of \$11,400 per month from July 1, 2008 until the end of the lease at Jun 30, 2010.

On April 21, 2008, the Company agreed to purchase the tangible and intangible assets of Nouveau Model Talent Management, Inc ("Nouveau"), a modeling and talent management agency, for 500,000 shares of Company common stock, of which 166,667 shares will be issued at the time of closing, 166,667 shares will be issued one year from closing and the remaining 166,666 shares will be issued two years from closing. The closing of this transaction requires that Nouveau obtain an audit of its 2006 and 2007 financial statements and a review of its financial statements for the three months ended March 31, 2008. To date, Nouveau has not obtained this audit and review and the transaction has not closed.

14. Subsequent Events

On July 30, 2008, the Company signed a definitive purchase agreement to acquire 100% of the common stock of Exclusive Events S.A., a privately held corporation based in Geneva, Switzerland that provides Formula One racecar experiences to its customers, in a cash and stock transaction with an aggregate base value of approximately \$1,612,000, with \$1,128,000 in cash and \$484,000 in shares of the Company's common stock, with the number of such shares to be determined by dividing this amount by the average closing price of the Company's common stock for thirty days prior to the closing of the transaction. In addition, if Exclusive Events meets certain financial performance criteria for fiscal years 2008 and 2009, additional payments totaling \$1,612,000, subject to certain conditions and adjustments, will be due, with \$484,000 in cash and \$1,128,000 in shares of the Company's common stock, with the number of shares to be determined by dividing the amount due by the average closing price of the Company's common stock for thirty days prior to the computation of the performance bonus. The transaction, subject to customary conditions and approvals and the Company's ability to fund the cash portion of the purchase price, is expected to close on or before December 15, 2008.

Description of Business

Overview

On March 14, 2008, pursuant to an Agreement and Plan of Merger dated as of August 20, 2007 (the "Merger Agreement") by and among Feris International, Inc. ("Feris"), Feris Merger Sub, Inc. and Patty Linson, on the one hand, and Pro Sports & Entertainment, Inc. ("PSEI"), on the other hand, Feris issued 49,500,000 shares of its common stock in exchange for all of the issued and outstanding shares of the PSEI, resulting in PSEI becoming a wholly owned subsidiary of Feris and is the surviving entity for accounting purposes ("Reverse Merger").

Subsequent to this Reverse Merger, Feris' corporate name was changed to Stratus Media Group, Inc. ("The Company"). PSEI, a California corporation, was organized on November 23, 1998 and specializes in sports and entertainment events that it owns, operates, manages, markets and sells in national markets. In addition, PSEI acquired the business of Stratus Rewards ("Stratus") in August 2005, a credit card rewards program that uses the Visa card platform. Stratus is a private lifestyle club offering a unique luxury rewards redemption program, including private jet travel, premium travel opportunities, exclusive events and luxury merchandise. The sponsoring bank that ran the program when the Company acquired Stratus stopped processing new members and sending the Company statements in November 2007 and provided notice in March 2008 that it was discontinuing the program. While several cardmembers are continuing to use their cards with the sponsor bank, the Stratus Rewards program is currently inactive and the Company has not recorded revenues since November 2007. The Company is actively seeking a new sponsoring bank to restart the program in the fourth quarter of this year, but there can be no assurances that it will be able to do so.

PSEI is located in Los Angeles and was formed as a California corporation in November 1998. PSEI is a development stage company that owns or is targeting the acquisition of live entertainment companies in the following areas ("strategic verticals"): Action Sports, Auto Shows, College Sports, Concerts & Music Festivals, Food Entertainment, Diversified Media Marketing, Motor Sports, Running Events, Trade Shows & Expos, and Talent Management. Assuming PSEI is able to raise appropriate capital, PSEI intends to operate its current portfolio of live entertainment events, activate certain existing properties, operate Stratus Rewards and acquire and aggregate a global platform of live entertainment events.

The business plan of PSEI is to own and operate 100% of all event revenue rights and derive its revenue primarily from ticket /admission sales, corporate sponsorship, television, print, radio, on-line and broadcast rights fees, merchandising, and hospitality activities. With additional funding, the objective of management is to build a profitable business by implementing an aggressive acquisition growth plan to acquire quality companies, build corporate infrastructure, and increase organic growth. The plan is to leverage operational efficiencies across an expanded portfolio of events to reduce costs and increase revenues. The Company intends to promote the Stratus Rewards card and its events together, obtaining maximum cross marketing benefit among card members, corporate sponsors and PSEI events.

Strategy

PSEI is a “roll up” strategy, targeting sports and live entertainment events and companies that are independently owned and operated or being divested by larger companies with the plan to aggregate them into one large leading live entertainment company. The strategy is to purchase these events for approximately 4-6 times Earnings Before Interest, Taxes, Depreciation and Amortization (“EBITDA”) of the events with the expectation that the combined EBITDA of the Company from these events will receive a much higher valuation multiple in the public markets.

Assuming the availability of capital, PSEI is targeting acquisitions of event properties in each of the strategic verticals. The goal is to aggressively build-up a critical mass of events, venues and companies that allow for numerous cross-event synergies. Specifically:

- On the expense side, to share sales, financial and operations resources across multiple events, creating economies of scale, increasing the Company’s purchasing power, eliminating duplicative costs, and bringing standardized operating and financial procedures to all events, thus increasing the margins of all events.
- On the revenue side, to present to advertisers and corporate sponsors an exciting and diverse menu of demographics and programming that allows sponsors “one stop shopping” rather than having to deal with each event on its own, and in so doing, convert these sponsors into “strategic partners.”

With these core operational synergies and subject to available capital, PSEI intends to (1) expand its acquisition strategy of additional live sports and entertainment events and companies, (2) create entirely new event properties on the forefront of the “experience economy” and thus tap into people’s lifestyle passions, and (3) cross-promote the Stratus Rewards Visa card with these events to enhance the results of the card and event businesses.

The business plan of PSEI is to provide integrated event management, television programming, marketing, talent representation and consulting services in the sports and other live entertainment industries. PSEI’s event management, television programming and marketing services may involve:

- managing sporting events, such as college bowl games, golf tournaments and auto racing team and events;
- managing live entertainment events, such as music festivals, car shows and fashion shows;
- producing television programs, principally sports entertainment and live entertainment programs; and
- marketing athletes, models and entertainers and organizations.

The objective of this approach is to consolidate event properties and then craft individual large-scale deals to allow companies to bundle advertising across diverse events.

For example, subject to available capital, PSEI is targeting the acquisition of eight music festivals by the end of 2009, with the goal of combining them with its current music festival events and having one event per month. Through these acquisitions, the Company plans to amass core competencies in the areas of promotion, operations, marketing, sales and distribution. The objective is to afford PSEI better negotiating leverage with cost centers such as advertising, marketing, venue and talent costs on a regional, national and international scale. Additionally, by offering advertisers access to other PSEI’s properties, the Company hopes to create greater value for the advertisers by cross pollinating multi verticals within PSEI’s portfolio offering other key demographic target markets to the client and creating greater value, more impression and a higher cost point for less risk.

Acquisitions in Process

Exclusive Events, S.A. - On July 30, 2008, the Company signed a definitive purchase agreement to acquire 100% of the common stock of Exclusive Events S.A., a privately held corporation based in Geneva, Switzerland that provides Formula One racecar experiences to its customers, in a cash and stock transaction with an aggregate base value of approximately \$1,612,000, with \$1,128,000 in cash and \$484,000 in shares of the Company’s common stock, with the number of such shares to be determined by dividing this amount by the average closing price of the Company’s common stock for thirty days prior to the closing of the transaction. In addition, if Exclusive Events meets certain financial performance criteria for fiscal years 2008 and 2009, additional payments totaling \$1,612,000, subject to certain conditions and adjustments, will be due, with \$484,000 in cash and \$1,128,000 in shares of the Company’s common stock, with the number of shares to be determined by dividing the amount due by the average closing price of the Company’s common stock for thirty days prior to the computation of the performance bonus. The transaction, subject to customary conditions and approvals and the Company’s ability to fund the cash portion of the transaction price, is expected to close on or before December 15, 2008.

Nouveau - On April 21, 2008, the Company agreed to purchase the tangible and intangible assets of Nouveau Model Talent Management, Inc. (“Nouveau”), a modeling and talent management agency, for 500,000 shares of Company common stock, of which 166,667 shares will be issued at the time of closing, 166,667 shares will be issued one year from closing and the remaining 166,666 shares will be issued two years from closing. The closing of this transaction requires that Nouveau obtain an audit of its 2006 and 2007 financial statements and a review of its financial statements for the three months ended March 31, 2008. To date, Nouveau has not obtained this audit and review and the transaction has not closed.

The following discussion relates to the operations of PSEI and should be read in conjunction with the Notes to Financial Statements.

Results of Operations for the Three Months Ended June 30, 2008 and 2007

Revenues

Our revenues consist of event revenues from ticket sales, sponsorships, concessions and merchandise, which are recorded when the event occurs, and Stratus revenues from membership fees, fees on purchases and interest income earned on the redemption trust. Membership fees are amortized over the twelve month period and fees from purchases and interest income are recorded when they occur.

Revenues for the three months ended June 30, 2008 (“Current Period”) were \$1,050, a decrease of \$60,258, or 98%, from the \$61,308 in revenues realized for the three months ended June 30, 2007 (“Prior Period”). There were no event revenues in the Current Period or the Prior Period. Stratus card revenues were \$1,050 in the Current Period, a decrease of \$60,258, or 98%, from the Prior Period. The sponsoring bank that ran the program when the Company acquired Stratus discontinued the program in November 2007. The Stratus Rewards program is currently inactive and the Company is actively seeking a new sponsoring bank to restart the program in the fourth quarter of this year. Revenues recognized in the Current Period reflect the amortization of membership fees received in the Prior Period.

Gross Profit

Our gross profit represents revenues less the cost of goods sold. Our event cost of goods sold consists of the costs renting the venue, structures at the venue, concessions, and temporary personnel hired for the event. Cost of goods sold for the Stratus program are nominal.

There was no cost of goods sold for either period, so the gross margins were 100% of revenues.

Operating Expenses

Our selling, general and administrative expenses include personnel, rent, travel, office and other costs for selling and promoting events and running the administrative functions of the Company. Legal and professional services are paid to outside attorneys and accountants and are broken out separately given the size of these expenses relative to selling, general and administrative expenses.

Overall operating expenses for the Current Period were \$234,388, a decrease of \$154,439, or 40%, from \$388,827 in the Prior Period. General and administrative expenses of \$161,841 decreased by \$78,161, or 33%, from \$240,002 in the Prior Period, related to lower staffing levels in the Current Period. Legal and professional services of \$58,040 decreased by \$76,152, or 57%, from \$134,192 in the Prior Period, related to the deferral of the 2007 audit for Pro Sports & Entertainment, the predecessor company, to the third quarter of 2008. Depreciation and amortization remained relatively constant with \$14,507 in the Current Period, compared with \$14,633 in the Prior Period.

Other (Income)/Expense

Other income decreased by \$8,447 in the Current Period to a net expense of \$6,466 from a net income of \$1,981 in the Prior Period,

Interest Expense

Our interest expense results from accruing interest on a court judgment, loans payable to shareholders, current portion of notes payable-related parties and notes payable.

Interest expense was \$46,398 in the Current Period, an increase of \$13,920, or 36%, from \$40,925 in the Prior Period, primarily related to higher average debt levels in the Current Period.

Results of Operations for the Six Months Ended June 30, 2008 and 2007

Revenues

Our revenues consist of event revenues from ticket sales, sponsorships, concessions and merchandise, which are recorded when the event occurs, and Stratus revenues from membership fees, fees on purchases and interest income earned on the redemption trust. Revenues for the six months ended June 30, 2008 ("Current Period") were \$40,189, a decrease of \$73,472, or 65%, from the \$113,661 in revenues realized for the six months ended June 30, 2007 ("Prior Period"). There were \$33,606 in event revenues in the Current Period compared to \$15,950 in the Prior Period. Stratus card revenues were \$6,583 in the Current Period, a decrease of \$91,128, or 94%, from the Prior Period. The sponsoring bank that ran the program when the Company acquired Stratus discontinued the program in November 2007. The Stratus Rewards program is currently inactive and the Company is actively seeking a new sponsoring bank to restart the program in the fourth quarter of this year. Revenues recognized in the Current Period reflect the amortization of membership fees received in the Prior Period.

Operating Expenses

Our selling, general and administrative expenses include personnel, rent, travel, office and other costs for selling and promoting events and running the administrative functions of the Company. Legal and professional services are paid to outside attorneys and accountants and are broken out separately given the size of these expenses relative to selling, general and administrative expenses.

Overall operating expenses for the Current Period were \$509,600, a decrease of \$321,557, or 39%, from \$831,157 in the Prior Period. General and administrative expenses of \$305,586 decreased by \$92,550, or 23%, from \$398,136 in the Prior Period, related to lower staffing and activity levels in the Current Period. Legal and professional services of \$175,000 decreased by \$228,881, or 57%, from \$403,881 in the Prior Period, related to the deferral of the 2007 audit for Pro Sports & Entertainment, the predecessor company, to the third quarter of 2008. Depreciation and amortization remained relatively constant with \$29,014 in the Current Period, compared with \$29,140 in the Prior Period.

Other (Income)/Expense

Other income increased by \$334,655 from \$32,932 in the Prior Period to \$367,587 in the Current Period to a net expense of \$6,466 from a net income of \$1,981 in the Prior Period, largely related to the dismissal of a court case in March 2008 for which a \$365,579 reserve had been established on the balance sheet. This reserve was reversed, with the offset going to other income.

Interest Expense

Our interest expense results from accruing interest on a court judgment, loans payable to shareholders, current portion of notes payable-related parties and notes payable.

Interest expense was \$93,143 in the Current Period, an increase of \$16,223, or 21%, from \$76,920 in the Prior Period, primarily related to higher average debt levels in the Current Period.

Liquidity and Capital Resources

The report of our independent registered public accounting firm on the financial statements for the years ended December 31, 2005 and 2006 contains an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern as a result of recurring losses, a working capital deficiency, and negative cash flows. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that would be necessary if we are unable to continue as a going concern.

During the three months ended June 30, 2008, we sold 29,850 shares to an investor for \$25,000. The Company is actively pursuing equity capital and is targeting an initial raise of \$2 million to \$5 million. The proceeds raised will be used for operational expenses, settling existing liabilities, acquisitions and selling expenses. Due to our history of operating losses and the current credit constraints in the capital markets, we cannot assure you that such financing will be available to us on favorable terms, or at all. If we cannot obtain such financing, we will be forced to curtail our operations or may not be able to continue as a going concern, and we may become unable to satisfy our obligations to our creditors. In such an event we will need to enter into discussions with our creditors to settle, or otherwise seek relief from, our obligations.

At June 30, 2008, our principal sources of liquidity consist of cash and cash equivalents, advances of funds from officers and the issuance of equity securities. In addition to funding operations, our principal short-term and long-term liquidity needs have been, and are expected to be, the settling of obligations to our creditors, capital expenditures, the funding of operating losses until we achieve profitability, and general corporate purposes. In addition, commensurate with our level of sales, we require working capital for purchases of inventories and sales and marketing costs to increase the promotion and distribution of our products. At June 30, 2008, our cash and cash equivalents were \$16,297, and we had negative working capital of \$6,244,013. At June 30, 2008, we had \$7,478,680 in debt obligations and \$215,000 is in default for non-payment.

Cash Flows

The following table sets forth our cash flows for the six months ended June 30:

	June 30	
	2008	2007
Operating activities	\$ (305,726)	\$ (247,680)
Investing activities	-	-
Financing activities	321,827	247,680
Total change	\$ 16,101	\$ -

Operating Activities

Operating cash flows for the six months ended June 30, 2008 reflects our net loss of \$220,129, offset by changes in working capital of \$56,583 and non-cash items (depreciation and amortization) of \$29,014. The change in working capital is primarily related to reversing a \$365,579 reserve for a legal action that was dismissed, offset by increases in deferred salary, accrued interest and other accrued expenses.

Operating cash flows for the three months ended June 30, 2007 reflects our net loss of \$763,622, offset by changes in working capital of \$486,802 and non-cash items (depreciation and amortization) of \$29,140. The change in working capital is primarily related to increases in accounts payable, deferred salary, accrued interest and other accrued expenses.

Investing Activities

Capital constraints resulted in no cash used in investing activities during either period.

Financing Activities

During the six months ended June 30, 2008 and 2007, we received cash proceeds of \$405,000 and \$200,000, respectively, from the sale of stock. In May of 2008, we used \$68,041 to extinguish a line of credit with Wells Fargo.

Off Balance Sheet Arrangements

We have no off balance sheet arrangements.

ITEM 4T. CONTROLS AND PROCEDURES

- (a) Evaluation of disclosure controls and procedures.

Our chief executive officer and chief financial officer have evaluated our “disclosure controls and procedures” (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of June 30, 2008. These officers have concluded that our disclosure controls and procedures were not effective as of June 30, 2008 to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission (“SEC”) rules and forms. Management believes there is non-compliance with controls that affects the integrity and timeliness of the Company’s financial statements and the Company has used extensive review following the closing date of the financial statements to compensate. The Company intends to continue to evaluate its disclosure controls and procedures, and make needed improvements.

- (b) Changes in internal controls.

There have been no changes made in our internal controls over financial reporting that have materially affected, or are reasonably likely to affect, our internal control over financial reporting.

ITEM 1. LEGAL PROCEEDINGS

In connection with a settlement agreement, on or about May 27, 2005, a legal judgment was entered in the Superior Court of the County of Los Angeles against the Company in favor of the previous owners of the “Core Tour” event, in the amount of \$482,126. In addition, this judgment specified that the Company must pay interest of \$39,664. The dispute arose out of the Company’s asset purchase of the “Core Tour” event from the plaintiffs. As of June 30, 2008, the Company has recorded the \$482,126 amount of the judgment plus accrued interest of \$136,775, for a total liability of \$618,901. On July 31, 2008, PSEI Management and Core Tour have agreed to a settlement whereby PSEI will retain all rights of the Core Tour in exchange for payment of \$482,126 in cash by December 31, 2008 and \$148,000 in Common Stock issued on July 31, 2008, or approximately 74,000 shares.

During the six months ended June 30, 2008 and 2007 the Company raised \$405,000 through the issuance of 483,578 shares of common stock and \$200,000 through the issuance of 119,401 shares of common stock, respectively, and 4,631,351 shares were issued to retire a convertible note.
